UDI 2. Conozco mi mundo.

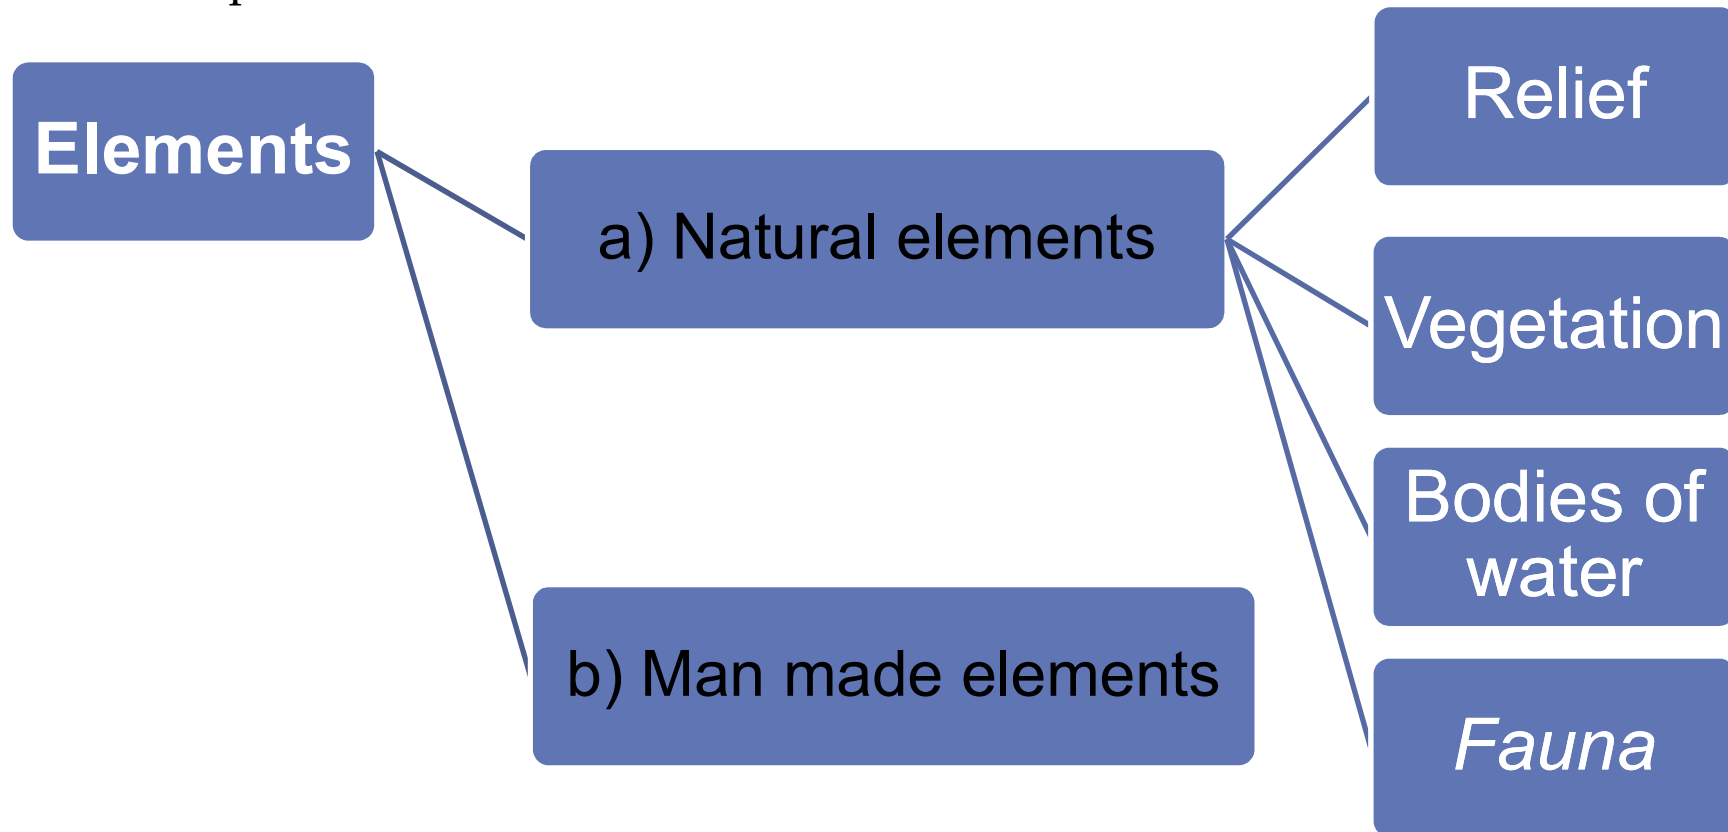

UNIT 2 and 3  
Inland and water landscape

# 1. Landscape

## 1.1. What s a landscape?

A **landscape** os an area of land with all its visible elements.

A landscape has:

# 1. Landscape

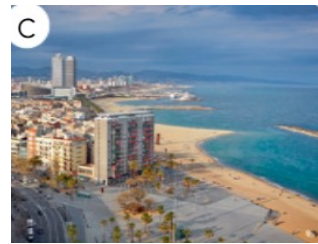

## 1.2 What types of landscape are there?

Urban landscape

Desert landscape

Coastal landscapes

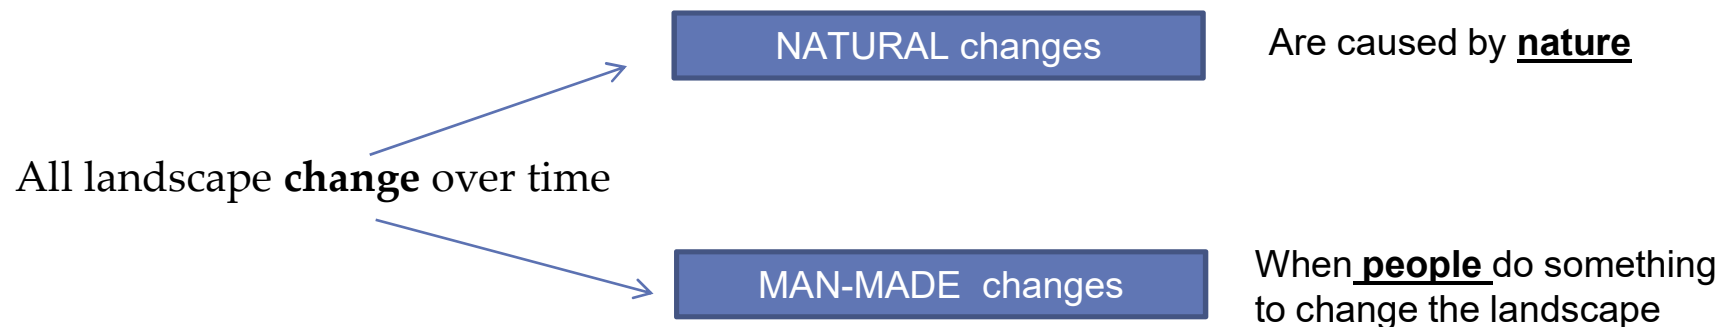

Mountain landscapes

Plain landscapes

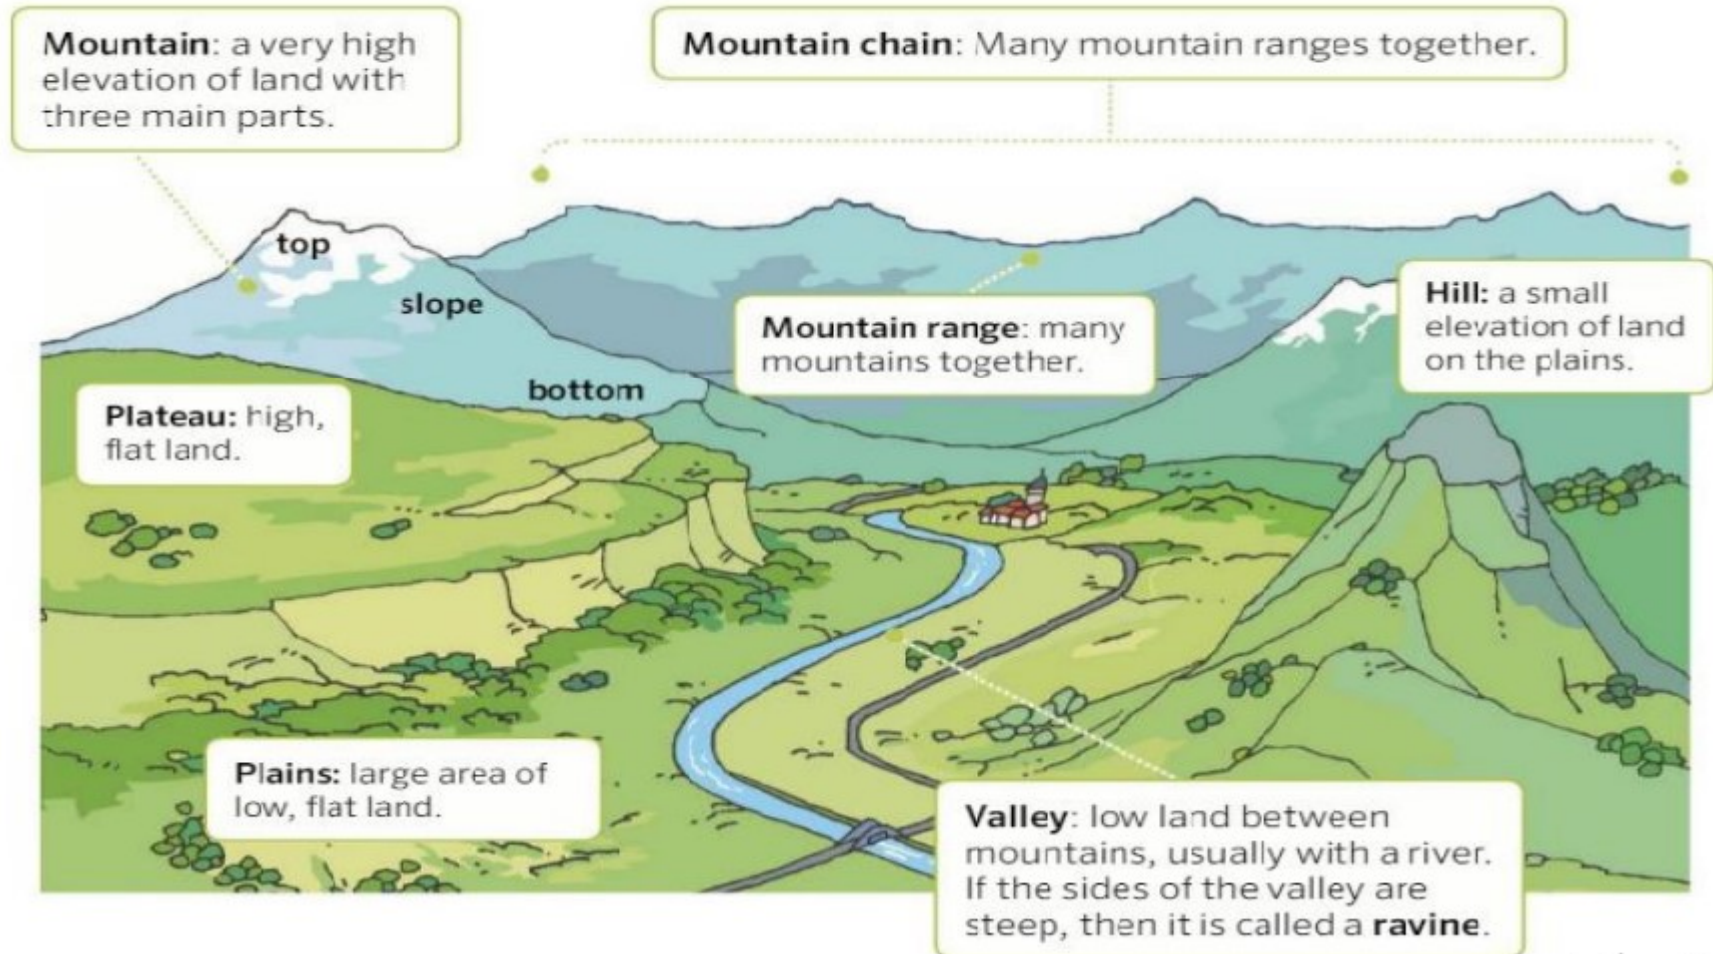

## 1.3 How do landscape change?

# 2. Mountain landscape

## 2.1 How can we describe a mountain landscape?

Esta imagen no coincide con el libro pero está mejor organizada la información.

# 3. The Relief of Spain

# 3. The Relief of Spain

## 3.1 Mountains on the Meseta?

Meseta is in the centre of Peninsula Ibérica and is divided in two parts: **Submeseta Norte** and **Submeseta Sur**.

There are two mountain systems on the Meseta (orange zone):

- **Sistema Central**
- **Montes de Toledo**

## 3.2 Mountains surround the Meseta?

The meseta has four mountain systems that surround it. (yellow zone)

- **Montes de León**
- **Coordillera Cantábrica**
- **Sistema Ibérico**
- **Sierra Morena**

# 3. The Relief of Spain

## 3.2 Mountains outside the Meseta

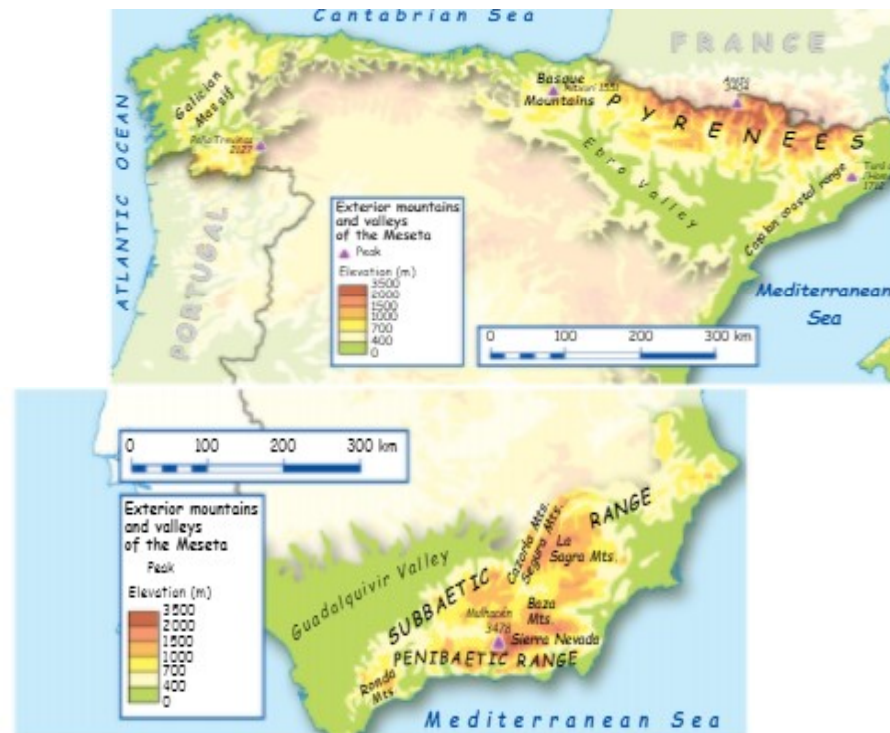

There are four mountain systems that don't form part of the Meseta.(purple zone)

-Macizo Galaico

-Pirineos

-Sistemas Béticos

- *Coordillera Bética*
- *Coordillera Penibética*

# 4. Characteristic of rivers

## 4.1 How do we describe rivers?

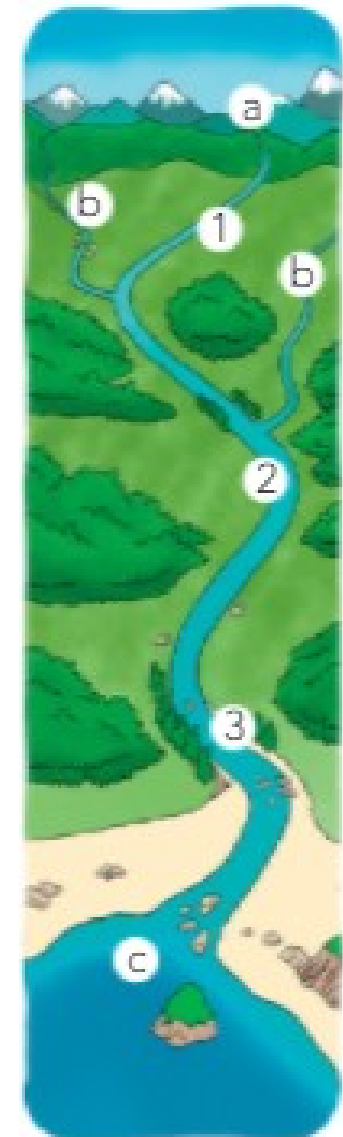

They have:

- fresh water.
- a **source** where the river begins.
- a **mouth** where the river ends.
- a **course**, which is the journey of the river from the source to the mouth.
- **tributaries**, which are smaller rivers that join the main river.
- **meanders**, which are bends in the river.

## 4.2 What are the different parts of the course of a river?

We divide the course of the river into three parts:

- Upper course:** close to the source.
- Middle course:** it has meanders
- Lower course:** close to the mouth

# 4. Characteristic of rivers

## 4.3 What are the characteristic of a river?

We study three main characteristic:

1) **LENGHT of the river:** distance frome the source to the mouth

2) **DISCHARGE:** is the amount of water

3) **REGIME:** is the change in discharge. It can be :

**STABLE:** always the similar water during the year

**VARIABLE:** amount of water changes over the year

# 5. The rivers of Spain

## 2.1 Where do the rivers flow?

We divide the rivers in Spain into three groups:

- The rivers that flow into the **Cantabrian Sea**.
- The rivers that flow into the **Atlantic Ocean**.
- The rivers that flow into the **Mediterranean Sea**.

# 6. Coastal landscape

## 2.6 How can we describe a coastal landscape?
